

Stogie pie - Withernwick
(stogie, pronounced stoggy, east riding for wood pigeon)

across the smithy yard
 busy any week day
 past the welding shop
it was a quite a way away
to the little old earth privy
under the churchyard trees
where I sat sometimes at night
with a 12 bore over my knees
 sitting in the darkness
 with the door open wide
 listening for the cooing
 coming from outside
 that said a fat stogie
 had landed for a rest
 fresh roasted stogie
 was just the best
 trying to ensure
the paper work was done
before cocking and aiming
 with dad's old gun
 a visit to the privy was
 quite often a winner
when we came back home
with fresh stogie for dinner
